

Recommendation Letter

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for **Mr. Majed Wadi Alshammari** (Student ID: 202102018), who has been my student for the past five years.

During his B.Sc. in Information Security at the University of Hail, I had the opportunity to teach him several cybersecurity courses.

Throughout his studies, **Majed** consistently impressed me with his technical proficiency, analytical mindset, and problem-solving abilities. He demonstrated strong skills in these courses **Introduction to Information Security, Information Security Management, network security, and ethical hacking**, excelling in both theoretical coursework and practical applications. He got **A+** in most of my courses.

Beyond his academic performance, **Majed** is a dedicated and highly motivated individual. His passion for cybersecurity, combined with his ability to think critically and approach challenges strategically, makes him well-suited for advanced studies and research in the field.

His resourcefulness and eagerness to expand his expertise further reinforce my confidence in his potential.

I strongly support him and have no doubt that he will be a valuable asset to your institution. I wish him all the success in his future endeavors.

Dr. Ali Obaid Alferaidi
Professor, Department of Information Security
College of Computer Science and Engineering
University of Hail, Kingdom of Saudi Arabia
