## To Whom It May Concern

To Whom It May Concern:

It is my pleasure to write this recommendation letter for Mr. Majed WadiAlshammari (Student ID:202102018), who has been my student for the previous five years. During his B.Sc. in Information Security at the University of Hail, I had the pleasure to teach him a variety of cybersecurity courses:

1. ISEC 352- Database Administration and Security.
2. ISEC 354- Information Security Policies and Laws.

Throughout his studies, Majed continuously impressed me with his technical expertise, analytical thinking, and problem-solving skills. He displayed high talents in the following courses excelling in both theoretical and practical implementations. He received a high grade in most of my classes.

Aside from his academic performance, Majed is a diligent and extremely motivated individual. His love for cybersecurity, combined with his ability to think critically and tackle problems strategically, qualifies him for advanced study and research in the sector.

His inventiveness and drive to broaden his skills strengthens my belief in his abilities. I wholeheartedly endorse him and am confident that he will be a significant contribution to your institution. I wish him great success in his future undertakings.

Sincerely,
