PROFESSIONAL SUMMARY

Information Security graduate specializing in GRC, risk management, and security operations, with hands-on experience in incident response, SIEM operations, and compliance aligned with NCA ECC and ISO/IEC 27001. Certified in GRCP®, GRCA®, IRMP®, and ISO/IEC 27001 Lead Auditor training, combining governance expertise with strong technical security capabilities. Experienced in leading cybersecurity initiatives, technical workshops, and university collaborations through leadership roles in CSC and Tuwaiq Club.

EXPERIENCE & LEADERSHIP

Co-op Training (GRC Focus) | General Directorate of Cybersecurity – Hail Municipality | Jun 2025 – Jan 2026

- Developed a Cyber Risk Management Portal (CRMP) to support NCA ECC compliance.
- Conducted risk assessments, managed risk registers, and performed Nessus vulnerability scans.

Cybersecurity Club (CSC) | University of Ha'il | Nov 2024 – Present

President | Aug 2025 – Present

- Secured an 80% INE partnership discount for 95+ members.
- Led club operations and a 10-episode cybersecurity series.

CyberWings Member | Nov 2024 – Aug 2025

- Participated in penetration testing simulations and defensive security exercises.

Tuwaiq Club | Tuwaiq Academy | May 2026 – Present

Leader & University Ambassador

- Led Tuwaiq Club initiatives and represented the University of Hail in strategic collaboration activities.
- Presented the collaboration between the University of Hail and Tuwaiq Academy to university leadership.
- Supported technical community engagement within a 1350+ member network.

KEY PROJECTS

- Graduation Project: Spam Detection System using BoW, TF-IDF, LSTM; achieved 98.47% accuracy
- CRMP: Developed a web-based system with dashboards and real-time risk tracking to support NCA ECC compliance
- OT Security Workshop: Delivered a session on ICS/SCADA, Purdue Model, and OT cyber threats for 100+ students
- AI in Cybersecurity: Delivered a workshop on AI-driven threat detection and digital defense
- Static Malware Analysis: Classified APK files using Python & ML
- DNS Spoofing: Simulated ARP spoofing to redirect DNS requests in a lab environment
- Cybersecurity Awareness: Conducted sessions on phishing, ransomware, and social engineering for 100+ students

EDUCATION

B.Sc. Information Security | University of Ha'il | 2021 – May 2026

GPA: 3.60 / 4.00

SKILLS & CERTIFICATIONS

GRC & Risk: NCA ECC, ISO/IEC 27001, NIST RMF, SAMA Compliance, Audit & Risk Assessment

SOC & Operations: SIEM (Splunk/ELK), Incident Response, Threat Hunting, Vulnerability Management

Offensive & Programming: Kali Linux, Burp Suite, Python (Automation/ML), SQL, HTML/CSS

Certifications: GRCP® | ITGRC® | GRCA® | IRMP® | eCIRv2 | eCTHPv3 | eCDFP | eEDA | eJPTv2 | SC-900 | ISO/IEC 27001:2022 Lead Auditor Training | Security+ (Expected May 2026)
